

Position: Senior Terrestrial Ecologist (full time)

Masse Environmental is a Nelson B.C. based company that provides high quality environmental consulting services to a diverse range of clients in the private and public sectors. We are looking for an experienced terrestrial ecologist to join our dynamic team and help us provide innovative and professional solutions to meet our clients needs. The successful candidate will be responsible for leading a variety of terrestrial environmental assessments and impact studies, developing mitigation and reclamation plans, liaising with clients and regulatory agencies, preparing science based technical reports, providing professional support to project managers and mentorship to junior staff. Assistance in a wide range of other projects in the environmental management field will also be required.

The ideal candidate will meet the following criteria:

- Minimum 8 years of experience working as a Registered professional in British Columbia (P.Ag. or R.P.Bio.).
- Proficient knowledge of terrestrial ecosystems, vegetation and soils in British Columbia with experience leading the collection, analysis and reporting of field data following established protocols.
- Proficient knowledge in current provincial and federal environmental legislation.
- Experience developing mitigation measures, reclamation, and/or ecosystem restoration plans.
- Experience preparing environmental permit applications.
- Project management skills with the ability to work in both team and independent environments.
- Demonstrated ability to prepare technical and scientific reports, project proposals, and budgets.
- Proficient with word processing and data management software.
- Have excellent oral and written communication skills.
- Willing to work in the field extended hours and/or travel when required.

Assets:

- Experience conducting species at risk surveys.
- Experience conducting wildlife surveys and wildlife identification.
- Experience conducting environmental monitoring and compliance inspections.

Masse Environmental provides competitive wages, a positive team culture, diverse and rewarding work opportunities, flexible work environment to encourage healthy work life balance, annual training for professional development, health care spending account and annual profit sharing.

To apply for this position, please submit a resume and cover letter to: info@masseenvironmental.com by April 28, 2023. If you have any questions reach out to Lisa Pavelich lisa@masse-env.com directly. Only qualified individuals being considered for the position will be contacted for an interview.

Thank you for your interest!
